

# National Merchant Program

**NextCharge** understands that national merchants have a variety of needs depending upon your industry. Our National Merchant Program, part of Citi Merchant Services provided by NextCharge Merchant Services Corporation, offers best-in-class electronic payment solutions to many of the world's most well-known premier, national and mid-market level customers.

## National Merchant Program

We bring you the highest level of technology and a breadth of product solutions, including Credit Card, PIN-Secured Debit, Electronic Check Acceptance and Gift Card/Prepaid Solutions.

Whether you own a supermarket, restaurant, gas station, convenience store or retail location, our National Merchant Services payment experts understand your industry. We can help you achieve more sales by accepting a variety of payment types quickly, reliably and securely. We apply our knowledge as your payment consult and work with you to develop long-term payment strategies designed to provide the most comprehensive, cost-effective processing for your business.

## With NextCharge's National Partnership Program, you benefit from:

Dedicated account relationship management teams focused on your industry to better understand your needs

Powerful online payment solution reporting tools to help monitor your transactions

Interchange management tools to more effectively manage processing at the best possible rates

Payment industry research, trends and educational webinars to keep customers well informed

Automated charge-back defense system and fraud protection

Multiple flexible processing platforms and full data center redundancy for maximum uptime reliability
